BILL

6
2

4 of the statutes; **relating to:** various changes in the unemployment insurance law and providing a penalty.

Analysis by the Legislative Reference Bureau

This bill makes various changes in the unemployment insurance (UI) law. Significant provisions include:

BENEFIT CHANGES

Disqualification for full-time work

Currently, if a claimant receives wages or certain other amounts treated as wages from an employer who paid at least 80 percent of the claimant's wages in his or her base period (period preceding a claim during which benefit rights accrue) for any week, the claimant is not eligible to receive benefits for that week if the claimant works for at least 35 hours for that employer in that week and receives pay at not less than the rate of pay that the claimant received during the calendar quarter in his or her base period in which the claimant received his or her highest wages, or the claimant receives certain other payments from that employer for that week that alone or in combination with any paid wages equal at least the pay the claimant would have received for 35 hours of work.

This bill provides that a claimant is subject to this disqualifier for any week if the claimant receives wages or certain other amounts treated as wages from such an employer for full-time work for that week. The bill defines "full-time work" as work performed for 32 or more hours per week.

Employee status

Currently, in order to be eligible to claim benefits, an individual must, in addition to other requirements, be an "employee" as defined in the UI law. Generally, an "employee" is an individual who performs services for an employer in employment covered by the UI law, whether or not the individual is paid directly by the employer. However, an individual is not an "employee" if the individual performs services as an independent contractor. Except in the case of a logger or trucker performing services for an employer other than a governmental or nonprofit employer, to be considered an independent contractor, an individual must meet at least seven of ten conditions by contract and in fact concerning the individual's relationship to or direction or control over his or her business or the services that he or she performs.

This bill places an individual who is a trucker performing services for an employer other than a governmental or nonprofit employer under the same test for determining employee status as other individuals. The bill also changes the test for determining employee status so that, instead of meeting at least seven of ten specified conditions by contract and in fact, an excluded individual must, by contract and in fact, perform services free from control or direction and must meet at least six of nine specified conditions. Some of the conditions specified in the bill are the same as those currently provided while others are changed from those currently provided.

logger
or

BILL***Voluntary termination of work***

Currently, if an employee voluntarily terminates his or her work with an employer, the employee is generally ineligible to receive benefits until four weeks have elapsed since the end of the week in which the termination occurs and the employee earns wages after the week in which the termination occurs equal to at least four times the employee's weekly benefit rate in employment covered by the unemployment insurance law of any state or the federal government. However, an employee may terminate his or her work and receive benefits without requalifying under this provision if the employee terminates his or her work with good cause attributable to his or her employer. In addition, an employee may voluntarily terminate his or her work and receive benefits without requalifying under this provision if: a) the work is part-time work consisting of not more than 30 hours per week and the employee is otherwise eligible to receive benefits because of the loss of the employee's full-time work and the loss of the full-time work makes it economically unfeasible to continue his or her part-time work; or b) the employee terminates his or her work in one of two or more concurrently held positions at least one of which consists of more than 30 hours per week, if the employee terminates his or her work before receiving notice of termination from a position which consists of more than 30 hours per week.

This bill changes the above exceptions so that an employee may receive benefits without requalifying if, under a), the work from which the employee terminates is part-time work; or, under b), the work from which the employee terminates is full-time work and the termination occurs prior to receiving notice of termination from full-time work. The bill defines "full-time work" as work consisting of 32 or more hours per week and "part-time work" as work consisting of less than 32 hours per week.

Benefit reductions due to certain loan defaults

Currently, with certain exceptions and limitations, if a claimant receives a pension, retirement, annuity, or other similar payment based on the previous work of the claimant for a given week, DWD must reduce the claimant's UI benefits otherwise payable for that week, but not below zero, by an amount equal to not more than the amount of the payment received for that week. The actual amount of the reduction depends upon the facts of the particular situation.

This bill provides that DWD shall not reduce a claimant's benefits if the claimant, at least 90 days before a termination of employment, contracts for a loan under a pension plan to which the claimant contributed and the claimant effectively receives payments that result from the claimant's partial or total failure to maintain repayment of the loan according to its terms after the termination of employment.

Treatment of bonus and profit-sharing payments

Currently, with certain exceptions, if a claimant earns wages in a given week in employment covered by the UI law, the first \$30 of the wages are disregarded and the claimant's weekly benefit payment is reduced by 67 percent of the remaining amount of wages earned. Whether a bonus or profit-sharing payment is earned in the same week in which it is paid depends upon the particular facts of a given situation.

BILL

This bill provides that for purposes of benefits to which a claimant may be entitled for partial unemployment, a bonus or profit-sharing payment is always considered to be earned in the week in which the bonus or payment is paid by the claimant's employer.

TAX CHANGES**OTHER CHANGES*****Coverage of personal care services performed for family members***

Currently, individuals providing personal care or companionship services to ill or disabled individuals are generally covered under the UI law. This bill eliminates coverage for personal care or companionship services performed by an individual for an ill or disabled family member of the individual who directly employs the individual providing the services. Under the bill, "family member" means a spouse, parent, ~~or~~ child of an individual, by blood or adoption, or an individual's step parent, step child, or domestic partner. Under the bill, an individual who employs a family member to perform these services is no longer subject to a contribution requirement (a requirement to pay taxes) based upon these services, and a claimant is no longer eligible to claim benefits based upon the performance of these services.

Use of surplus assessment revenues

Currently, when this state obtains a loan from the federal government to maintain the solvency of the unemployment reserve fund, from which benefits are paid, most employers must pay an assessment to cover the cost of any interest payments due on the loan. If the amounts collected from the assessment are more than is needed to pay the interest due, the amounts are retained in the administrative account of the fund, and may be used for a variety of purposes, including administration of the UI program, research relating to the condition of the fund, and the payment of certain benefits.

This bill provides instead that excess revenues shall be credited to the balancing account of the fund, which is used to pay benefits that are not chargeable to any employer's account. The effect is to enhance the balance of the fund, which decreases the need for future borrowing and assessments to maintain the fund's solvency.

Unlawful discrimination and retaliation

Currently, it is unlawful for any person to: a) make a deduction from the wages of an employee to finance an employer's actual or potential UI costs; b) knowingly fail to furnish to an employee any required UI information; c) attempt to induce an employee not to claim UI benefits or to waive any other right under the UI law; or d) maintain a rehiring policy that discriminates against employees who claim benefits. Violators are guilty of a misdemeanor and are subject to a fine of not less than \$100 nor more than \$500 or imprisoned for not more than 90 days or both for each occurrence.

This bill also makes it unlawful to: a) attempt to induce an employee not to claim benefits or waive any right under the UI law by threatening to terminate the employee; b) attempt to induce an employee from participating in a UI audit or

BILL

investigation, or testifying in a UI hearing, or c) discriminate against an individual because of the individual's participation in a UI audit or investigation, or testifying in a UI hearing or exercising any other right under the UI law. The bill also increases the maximum fine for all current and proposed offenses to \$2,000 for each occurrence.

Recovery of UI liabilities by offset and setoff

Currently, if benefits are erroneously paid to an individual, the issue may be adjudicated administratively, subject to appeal through the court system. DWD may then collect the amount of the overpayment set forth in an administrative decision by deducting that amount from benefits otherwise payable to the individual. DWD may also levy against the available assets of any individual or employer who is determined to be liable to DWD for UI purposes. Currently, with certain exceptions, moneys withdrawn from the unemployment reserve fund may only be used for the payment of benefits.

This bill permits DWD to utilize procedures available under state and federal revenue laws to set off adjudicated UI liabilities against refunds or other payments that may be payable to a liable individual under state law or to offset adjudicated UI liabilities for fraudulent practices against refunds that may be payable to a liable individual under federal tax laws. The bill also permits DWD to pay the administrative expenses of the federal offsets from the unemployment reserve fund. The change initially applies to satisfaction of liabilities outstanding on the day the bill becomes law.

Deadline for making voluntary contributions

Currently, an employer may pay contributions (taxes) before they become due. If an employer makes a voluntary contribution by November 30 of any year, it is credited to the employer's account as of June 30 of that year and it may therefore have the effect of lowering the employer's contribution rate for the succeeding year. Currently, a voluntary contribution is timely if it is received by DWD no later than its due date or, if mailed, is either postmarked by that date or is received by DWD no later than three days after that date.

This bill provides that to be considered timely, a voluntary contribution must be received by DWD no later than its due date.

Exclusion of certain tribal employment from coverage

Currently, federal and state law generally provide for UI coverage in employment by Indian tribes. Federal law does not mandate coverage for any of the following types of positions with an Indian tribe: a) members of a legislative body; b) major nontenured policymaking or advisory positions; c) certain part-time policymaking or advisory positions; or d) certain work relief or work training positions.

This bill excludes employment in these positions from coverage under the state UI law unless an employer elects otherwise with DWD's approval. Under the bill, a position as a member of a legislative body is excluded only if the position is elective. Noncoverage means that an employee may not claim benefits based upon this type of employment and the employee's employer is not liable to pay for those benefits.

BILL***Penalty for acts of concealment***

Current law provides that a claimant who conceals any material fact relating to his or her benefit eligibility or who conceals any of his or her wages earned in or paid or payable for a given week must forfeit a specified amount. The penalty increases for subsequent offenses within a specified period. A claimant who conceals wages is also denied benefits for the week in which wages are concealed.

This bill deletes additional language providing that any claimant who commits an act of concealment is disqualified from receiving benefits for an unspecified period.

Appeals of LIRC decisions

Current law provides that when an employer wishes to appeal a UI decision made by the Labor and Industry Review Commission (LIRC) to circuit court, LIRC and the adverse party must be named as defendants.

This bill clarifies that in addition to any other parties to any particular appeal DWD is always an adverse party for purposes of UI appeals brought by employers to address issues other than benefit claims and DWD must be named as a defendant. This permits DWD to have notice of the appeal and to participate in the court proceedings and avoids any potential dismissal of an employer's appeal for failure to name DWD as a defendant.

Qualification of professional employer organizations

Currently, an employer may transfer its obligations to pay UI contributions or reimbursements to a professional employer organization that meets certain conditions specified by law. Professional employer organizations are separately required to register with the Department of Regulation and Licensing (DRL), pay an annual registration fee, and meet certain financial responsibility requirements.

This bill provides that a professional employer organization does not qualify as such for UI purposes unless it is currently registered with DRL.

Jeff:

I am forwarding (attached below) an alternative to Sections 32 and 33 of the bill drafted today by Tracey. Until today, I thought that your bill draft accurately reflected the Council's action. A consensus among dept staff is that it may not. So we intend to offer the Council the attached version as our "recommended" language for the bill. This version provides for reduction of benefits in a single week, as opposed to no reduction. We will know where it stands on Monday, when the Council next meets.

Tracey reviewed the draft /6 and offered these comments:

✓ Section 9 on page 10, lines 1-4 omits "activities conducted by" in "The services performed by the individual do not directly relate to the [activities conducted by] employing unit retaining the services."

✓ The Analysis omits discussion of changes to 108.02(12)(c).

I will not be in Friday until afternoon. Tracey will be out Friday.

Subject: UI Bill - change to Section 49

✓ Jeff,

I neglected to add one more thing that we promised the Council today. The Labor caucus is nervous that Section 49 of the bill is not expressly limited to fraud -- in so many words. It is a bit sensitive because of our proposal, which was not originally limited to fraud.

Section 49 is limited, as Tracey pointed out, to "6402(f) of the IRC in effect on June 1, 2009 or a similar federal program." Likewise with Sections 37, 28 and 39.

While the reference to federal law may be adequate to assure that nothing but a fraud case would be involved in the intercept, the Council (both sides) was told we would add a specific reference to fraud to assure that limitation.

Would you mind adding the reference to Section 49? Perhaps to provide in (8)(b)1.d.: "Offsetting the amount of the overpayment against a federal tax refund . . . **in cases in which the overpayment has resulted from fraud** . . ." I am not sure that the limitation is needed other than in 108.22(8)(b)1.d. As we told the Council, although redundant even here, it is perhaps a harmless addition?

Subject: Recap of Council actions

Jeff,

Here is a recap of the actions taken by the UI Advisory Council today on changes to the unemployment statute:

✓ **Approved D09-04** - Protect Claimants and Witnesses in UI Cases from Retaliation -- approval amended the Dept proposal to set the monetary penalty at \$1,000 rather than the \$2,000 drafted by the Dept in D09-04

✓ **Approved D09-10** - Amend Disqualification for Full-Time Work

✓ **Approved D09-12** - Amend Exceptions to Quit Disqualifications

✓ **Approved D09-13** - Treat Bonus Payments as "Earned" in the week in which they are paid

Reduction of benefits for pension payments:

Approved amended reduction of benefits for pension payments (originating from Rep. Van Akkeren's proposal, which was drafted in LRB09-3069/6 as Sections 32 and 33). This action is to change the "allocation" provision, s108.05(7)(d). That provision reduces benefits for receipt of lump sum pension payments ("payment . . . received other than on a periodic basis"). The lump sum or non-periodic pension payment is to be **allocated in full to the week in which it has been paid**. The change is not limited to -- but by its scope necessarily includes -- the pension payment made to satisfy a pension loan default. Thus I think this action supercedes Sections 32 and 33.

It appears that this action would amend s108.05(7)(d)1.b. and (d)2.b. A drafting issue: I think we intend to retain the conditions in (d)1.b. relating to "definitely allocated and payable to the claimant by the close of . . . and the department has provided due notice to the claimant that . . . Subd. 2.b." There was no discussion of eliminating those conditions.

Tracey is examining this one more closely and will develop some suggested language, if that is helpful to you.

✓ NOT approved were: Improve "Employee" Definition (D09-20) and Amend Approved Training and Extended Training (D09-22), and Improve "Employee" Definition (D09-20). Please be sure those elements are removed from the draft

3069\7.

If we are to get the bill to hearing in a timely way, we may need to share a draft before it is introduced. I will discuss that with the department.
